EAST PALACES CO. W.L.L.

MDs' Message

With distinct pleasure, I welcome you, and I would like to introduce East Palaces Company to you. In recent years, Qatar has undergone tremendous changes with a whole lot of infrastructural and developmental activities taking place. East Palaces, which was established in 2001, has sensed this change and has been in the forefront of this progress.

Since inception, we have expanded our scope of activities from air conditioning works to waterproofing, trading and general services. We are the agents for Senator brand of air conditioners and Super Plats brand of colored decorative plasters.

I am proud to work amongst sincere, hardworking and professional people who consist of managers, engineers, fabricators, supervisors etc. We have a strong workforce of more than 200 people which are drawn up from different countries.

We, at East Palaces, aim for further expansion and achievements as the future holds good for everyone in Qatar. I would like to close my remarks by inviting you to navigate through our user-friendly and aesthetically-designed web pages

AIR CONDITION

PROFILE

East Palaces Co. was established in 2001 to cater to the growing electromechanical and air-conditioning needs of Qatar. Ever since its establishment, it has earned a name and reputation for itself in the field of HVAC and electromechanical works.

We specialize in all kinds of heating, ventilation and air-conditioning works such as Central A/C, Split Unit A/C, Wall Mounted A/C, Air Handling Units, Chillers etc. We are the sole agent for Senator brand of A/c, Thailand and the distributor for Coolwave brand of A/C. Our line of work include providing HVAC and water proofing solutions to residential, institutional, commercial and industrial projects.

Our corporate office is located at Salwa Road. We have a dedicated team of well-qualified and experienced staff which include managers, engineers, fabricators, installers, insulators, site supervisors and skilled workmen. Our factory is located in St. 51 of Industrial Area.

Our other areas of activity include Water Proofing and Trading. Our Water Proofing Division has a range of thermal insulation products for building and villas to increase the building/villa life and comfort level. The Trading Division deals with ceramics, marble, sanitary, porcelain, false ceiling, ironmongery, mixtures & fittings, superplast (paint) and office furnitures.

The A/c division is the flagship division of the company. We are the local agent for 'Senator' brand of A/c, Thailand, which produces full range of A/C from window to central A/C. In the past two years we have installed various range of A/Cs – from window to central A/Cs – in many villas and buildings.

The manpower of this division is divided as follows:

Central A/C :

- 6 Engineers
- 2 Draftsmen
- 20 Fabricators
- 75 Installers
- 20 Insulators
- 15 Maintenance Workers

(They can be increased subject to requirement)

Split Unit A/c:

- 15 Technicians
- (They can be increased, subject to requirement)
- 4 Maintenance workers
- 4 Workers For Maintenance Of Workshop

The nationality of the above workers is Egyptian, Indian, SriLankan and Nepali.

We have our workshop located on St. 51 of Salwa Industrial Area and it contains all the machinery required for Ducting, Fabrication such as lock form machines, bending machines, cutting machines, point welding machines, rolling machine. The expected production per day of this workshop is about 2 ton fabricated per day as normal capacity.
